Aim of the Conference

Water Loss 2020 is intended to present and discuss the latest developments, strategies, techniques and applications of international best practices in Non-Revenue Water Management.

The Conference is the tenth event in a series of IWA water loss reduction specialty conferences, following the successful "Water Loss 2018" that was held in Cape Town, South Africa, in May 2018 with more than 500 participants from 50 different countries from around the world.

Water Loss 2020 was brought to China in general and Shenzhen in particular to address the pressing need for improved water utility efficiency and smart solutions for water loss management in this part of the world.
